### **June is Potty Training Awareness Month!**

Potty training is an important step in a child's independence with activities of daily living. To be the most successful, it

served more than 1,000 Veterans and their families from offices in Denver, Colorado Springs and Pueblo. On May 18th, RMHS partnered with several other housing and Veteran focused community partners to conduct a Landlord Voucher 101 class at The Apartment Association of Southern Colorado in Colorado Springs.

### **RMHS Update: Family Support Moves Under Service Coordination**

Beginning in June, RMHS' Family Support Program made the move from our Developmental & Behavioral Health Department to our Service Coordination Department. We believe that this transition will provide improved continuity of care for persons accepting support. This transition is a part of our ongoing effort to improve processes and provide the highest quality services possible. Families receiving

support from our Family Support Program will see no changes in their Service Coordinator or the supports they receive. Information about our Family Support Program is available on our website under the [Service Coordination](#) heading.
